GRADUATE COURSE APPROVED FOR UNDERGRADUATE TRANSCRIPT

INSTRUCTIONS: Undergraduates who need to register in a graduate (GR) level course that's not approved for undergraduate (UG) credit and have it count on their UG transcript (ex: to meet requirements for a baccalaureate degree program) must use this form. Students should complete Sections 1 and 2, obtain their primary academic advisor's signature, then submit it to the Graduate College for approval. Finally, the form must be submitted to the Office of the Registrar before the deadline to register for the class. The Registrar's office will process the registration upon receipt of a completed, approved form. While registration in such classes will count toward a student's overall registration time status (ex: full-time enrollment), they will not be recognized as counting toward a baccalaureate degree program until after the semester is over and a final grade has been submitted.
